

## Let the SummerShine In!

Vacationing at Cape Hatteras KOA has gotten even better in 2008 with the addition of SummerShiners! These wonderful young men and women, who join us from high schools, colleges and universities across the United States, work hard to make your camping experience the best it can be.

SummerShiners are easy to spot—they've always got a spring in their step and a smile on their face. They help keep our campground clean, plan terrific themed weekends, and lead activities like sandcastle building contests, karaoke and a weekly pirate parade.

From answering your questions about the campground to performing family-friendly music and fireside skits, these young people bring unmatched fun and energy to everything they do.

When you visit, we're sure you'll agree that SummerShiners are one more reason why it's always a great day for camping at Cape Hatteras KOA.

Great people.  
Great camping.®
